TECH SPEC INC.
TSI
EST. 1981

From OEM design to MRO support, and everything in between.

Our goal is to provide customers with quality products and support.

How We Operate

Since the business began in 1981, our efforts are focused on customer satisfaction. Tech Spec Inc. is pleased to assist in any way we can. Ensuring your application's design, purchasing, and product support go as smoothly as possible. We begin working on quote and order requests as soon as they are received. Saving you valuable time and getting the answers you need ASAP! We also have an after-hours hotline to support customers around the clock. Our staff routinely processes high-profile and urgent requests. We treat each request with utmost importance, diligence, and urgency deserved.

The Team that Makes it All Happen

Our outside sales team is available for any questions, technical assistance, training sessions, field visits, product analysis, safety calculations, manufacturer support, and more. In addition to our outside reps, our knowledgeable office team is available via phone, fax, and e-mail for your convenience. Customer service and support will take care of quotations, orders, follow-ups, expediting, and beyond. Our warehouse staff continuously strives to get orders out as quickly and efficiently as possible. We are a strong supply team focused on our customer's needs. It's what we do!
